Morning Team Notes 12/10 Date: 12/9/96

Springfield, MA--At the first of two public hearings on 12/5 before the city council committee, 40 people attended and about 30 spoke--mostly members of retail and wholesale trade. There was 100% opposition to the self-service display ban and no opposition--unheard of in the hometown of some of the toughest antis in the country. According to Bob Stone, the council president still expects a 10-foot, plain-view compromise to be passed eventually. We are continuing calls for today's second hearing as is PM. PM did not do calls for first hearing.

Niagara County, NY--The board of health on 12/5 unanimously approved a tentative proposal to total ban on smoking in all public places including restaurants, bars, bowling alleys and bingo halls. The ordinance will circulate among members with a vote on a final draft proposal 1/23. The board will then hold four informational meetings throughout the county. If the ordinance is sent to the county legislature, an additional public hearing is required, maybe more. At the 12/5 meeting, seven people attended including the owner of a small bar and several restaurant owners and several anti-smoker activists. All participants spoke informally to the board chairman after the meeting. Elizabeth Gallagher will advise as to grassroots action. The ordinance is like the original Erie County ordinance which the Erie County legislature changed after six public hearings by exempting bars, bowling alleys and bingo halls. The Niagara Falls tourist trade could be affected by the ban
